Morocco expedition:

During the third week of October, the CEC-Masvidal has made an expedition to Morocco to see 'in situ' the ongoing projects and assess the start of others. We are very happy with the execution of the water channeling project, which will soon end. We have made a video of only eight minutes showing this project. Visit it please:

- Subtitled in Catalan: <https://youtu.be/v34wllKuvT8>
- Subtitled in Spanish: <https://youtu.be/iYl0hSt6zVw>

- The total cost of the work has been € 1,200.00 (we have put the material and they have put the work)
- The airplane ticket round trip: € 24,98
- One week stay in Fez: 70,00 €

When water is life...

Toilets at school and other projects:

We are working to get 100% of the budget for the bathroom construction project in a school in the rural world of Tahla (Morocco).

We are still in the half and we ask for your involvement in order to start the works next January. Remember that its construction will prevent school drop-out of teenage girls in the region.

Furthermore, we are initiating training and technological support courses for both teachers of Childhood in Morocco and for the Christian workers who work there, on the spot and online. You can track the projects in: <http://www.netmasvidal.org/>

We give the El Cenacle subscription:

During November and December, if you purchase or renew an annual paper subscription, we will give you an annual subscription for free in our mobile App so you can offer it to whoever you prefer as a Christmas gift. As a novelty, we have integrated into a single App the written version and the audio version, to enjoy 365 meditations for only € 15 per year.

Also, in an effort to reach more people, during the month of November advertising wedges of El Cenacle will be issued in [Ràdio Estel](#). You can listen to the ad on this link:

Ministry 'Cristianos Monrepós':

Since September and during the fourth quarter of the year, we are conducting different training courses for immigrants in the premises we have in Sabiñánigo, especially in the field of language, to help the integration of different communities into the cultural environment. We also do courses to prepare users for the language test in order to achieve nationality (A2). You can follow all the activities carried out in the center, through this link:

DIRTY DISHES

When a dish goes unwashed after a meal, it will likely remain in the sink overnight. Because the food dries firmly on the dish, it takes much longer to clean than a dish that is washed immediately.

The grime left behind on dishes makes me think about the things in our lives that need cleansing. Maybe we need to pray for forgiveness or for help forgiving others; maybe immorality, injustice, or other sins are harming our relationships with others and with God.

Much like washing dishes, the best thing for our lives is to acknowledge the grime immediately and not postpone action for the future; waiting only makes it more difficult to change. But even when we leave dirt in our lives long enough for it to stick, forgiveness is a powerful cleanser. God asks that we forgive others, and God forgives us —God cleanses us from sin through the power of Jesus' blood.

“If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness.”

1 John 1:9 (NIV)

Forgiving God, thank you for cleansing us from our sin. Help us to show your forgiveness to others and to be quick to wash the dirt from our lives and our relationships.
